"I am very much in earnest about the observance of the city's sanitary laws," said Mayor Coffman this morning. "At the last meeting of the city council members of that body stated they would stand behind me in the matter of cleaning the town and I am going to see that all sanitary ordinances are enforced. This means, among other things, that every outside toilet in Chickasha must be either trapped or connected with the city sewer or provided with boxes and purified with liberal applications of lime weekly or oftener by and after May 1."
